PODIATRY- How it can help you

Podiatrists treat a variety of disorders and can provide advice on the following:

- Nail disorders
- Corns
- Callous and skin disorders
- Joint problems of the feet
- Bunions

- Soft tissue injuries of the feet or lower limb
- Footwear
- Foot care for Diabetics
- Orthoses
- Sports injuries
- Children's feet problems

Podiatry Service Appointments

Enhanced Primary Care (EPC)

There is a private podiatry service available at Tallangatta Health Service. The private podiatry service is available to clients with a current EPC form from their GP. This service can also see clients with a 'Gold' Department Veteran Affairs (DVA) card.

Public

Provided by the Rural Allied Health team podiatrist from the Wodonga Regional Health Service, funded by Home and Community Care (HACC)

The public service is available to frail aged people or those with certain medical conditions or disabilities, which affects their mobility and independence. Due to limited podiatry sessions, priority is given to those who are at a high risk of foot complications and are financially disadvantaged. It is not available to those with a DVA card or living in a hostel or nursing home.

You can make an appointment by phoning

Reception on
